SECUREGlass
Sistema vetro cornice

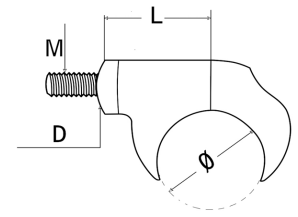

Sistema con VETRO "incorniciato" superiormente e inferiormente da tubo scanalato Ø42,4x1,5mm. Tale sistema permette di ridurre lo spessore del vetro ed evitarne la foratura necessaria con le pinze serravetro.

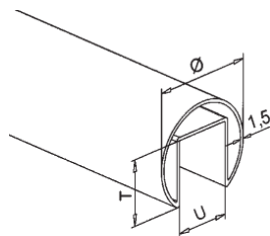

Morsetto Sistema SECUREGlass

Art. Nr.	Sede	Ø	L	M	Materiale	NEW
180F/42	Piatto	42,4	40	M8	Aisi 304
