

## 18 TUBI E BARRE INOX

Tubi e Tondi calibrati con tolleranze ristrette per consentire un preciso e rapido innesto ai raccordi di collegamento.

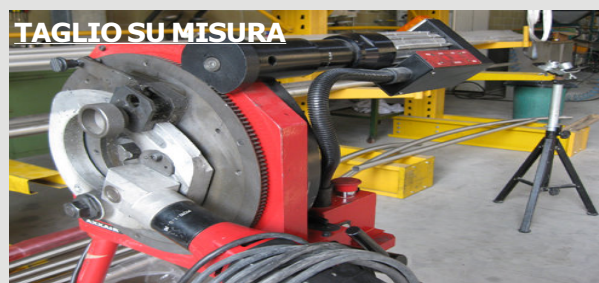

I tubi e tondi qui in dettaglio presentano il medesimo trattamento di satinatura della superficie:

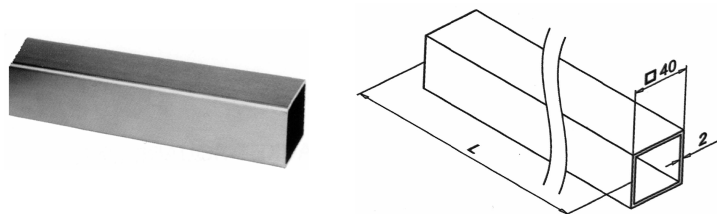

### **SATINATURA GRANA 320 "SCOTCH BRITE"**

Questa satinatura è la stessa presente in tutti gli accessori e raccordi in questo catalogo. Questo al fine di garantire una continuità estetica tra tubo e accessori.

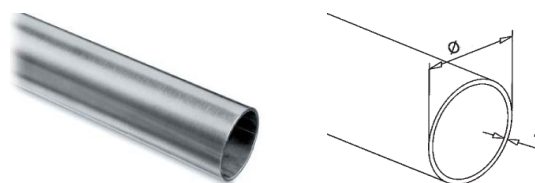

### **SERVIZIO DI TAGLIO TUBO**

*Si effettuano tagli delle barre nelle misure richieste*
